Transparency Report

1st July 2022- 31st July 2022

At ShareChat, we are committed to providing a secure environment for our users. We are publishing this monthly transparency report for July 2022 to provide an insight to various stakeholders, into our efforts at keeping the platform safe for our users and upholding the first principles of online safety.

This report highlights various data points pertaining to the legal requests that we have received from law enforcement authorities and how we responded to the same, the total number of user reports received, and the enforcement actions that we have taken in terms of takedown as well as ban actions based on the violation of our community standards.

1. Law Enforcement Requests

The below table captures the total number of legal notices that we have received for ShareChatfrom law enforcement authorities and investigating agencies for the month of July. We review these requests and share user profile data with the law enforcement authorities for valid requests, provided that the correct and complete details of such user accounts are sent to us. We may also take an action in the form of content/account take down in case there is a violation of our community guidelines.

3. Enforcement Actions (Takedown)

We take proactive removal actions to ensure platform safety basis the violation of our Community Guidelines, Terms of Use and other policy standards. All existing policies for ShareChat can be accessed here.

We review the user reports that are sent to us and enforce removal actions if the alleged content is against our community standards.

We have a reporting mechanism available at https://copyright.sharechat.com/ to enable copyright holders to submit claims for content on the platform that infringes their intellectual property rights. We review these claims and take down infringing content in accordance with applicable laws if valid takedown requests are submitted via the copyright tool reporting mechanism.

4. Enforcement Actions (Ban)

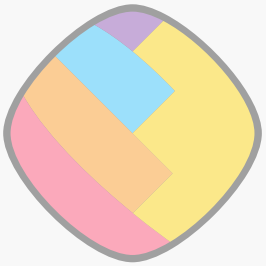

In instances where our community guidelines are repeatedly breached, we permanently terminate the user's account for a period of 360 days. In July 2022, we permanently terminated 2,271 user accounts from ShareChat.

In addition to the above, we enforce account-level bans spread across different time periods depending on the severity of the violation.

The bans can be enforced in the form of a UGC ban (user is unable to post any content on the platform for the specified ban duration), an edit profile ban (user is unable to edit any profile attributes for the specified time period) and comment ban (user is banned from commenting on any post on the platform for the specified ban duration). The duration of these bans can vary from one day, seven days, 30 days to 360 days.
