Transparency Report

1st September 2022- 30th September 2022

At ShareChat, we are committed to providing a secure environment for our users. We are publishing this monthly transparency report for September 2022 to provide an insight to various stakeholders, into our efforts at keeping the platform safe for our users and upholding the first principles of online safety.

This report highlights various data points pertaining to the legal requests that we have received from law enforcement authorities and how we responded to the same, the total number of user reports received, and the enforcement actions that we have taken in terms of takedown as well as ban actions based on the violation of our community standards.

1. Law Enforcement Requests

The below table captures the total number of legal notices that we have received for ShareChatfrom law enforcement authorities and investigating agencies for the month of September. We review these requests and share user profile data with the law enforcement authorities for valid requests, provided that the correct and complete details of such user accounts are sent to us. We may also take an action in the form of content/account take down in case there is a violation of our community guidelines.

3. Enforcement Actions (Takedown)

We take proactive removal actions to ensure platform safety basis the violation of our Community Guidelines, Terms of Use and other policy standards. All existing policies for ShareChat can be accessed here.

We review the user reports that are sent to us and enforce removal actions if the alleged content is against our community standards.

We have a reporting mechanism available at https://copyright.sharechat.com/ to enable copyright holders to submit claims for content on the platform that infringes their intellectual property rights. We review these claims and take down infringing content in accordance with applicable laws if valid takedown requests are submitted via the copyright tool reporting mechanism.
