Transparency Report

At ShareChat, we are committed to providing a secure environment for our users. We are publishing this annual transparency report from June 2021 - March 2022 to provide an insight to various stakeholders, into our efforts at keeping the platform safe for our users and upholding the first principles of online safety.

This report highlights various data points pertaining to the legal requests that we have received from law enforcement authorities and how we responded to the same, the total number of user reports received, and the enforcement actions that we have taken in terms of takedown as well as ban actions based on the violation of our community standards.

1. Law Enforcement Requests

The below table captures the total number of legal notices that we have received for ShareChat from law enforcement authorities and investigating agencies. We review these requests and share user profile data with the law enforcement authorities for valid requests, provided that the correct and complete details of such user accounts are sent to us. We may also take an action in the form of content/account take down in case there is a violation of our community guidelines.
